

45.2.3 (LE1)

(M M M M) (LE1) Accreditation Public Comment

At least annually, the agency posts, for a period of at least 60 days, a notice to its service community announcing the availability of the CALEA public access portal to allow for comment on the performance of the agency.

Commentary

CALEA maintains an access portal which allows for comment and feedback with regard to candidate agencies seeking initial accreditation or reaccreditation status. The link for this portal can be found on the CALEA corporate website (www.calea.org). The specific associated link should be posted on the agency's website, submitted to local media outlets, and announced on social media and other locations where members of the public are likely to see the information. The link should be posted with notation that access is provided as an opportunity for comments, commendations, and other information regarding the agency's quality of service or other information relevant to the accreditation process. It is recommended the portal link be posted perpetually; however, the standard only requires annual notice and 60 day posting. (M M M M) (LE1)
